As a Salon Manager for Oxley's at Underscar, a Health Spa located in the picturesque Lake District, we offer a huge range of Services and Products to give the best possible treatments. We have 25 5\* Timeshares situated Under Skiddaw, with our amazing private facilities for the tranquillity and well-being for our guests.

As part of our treatment list we offer a wide range of Holistic treatments including Reflexology, when it came to searching for further training in Reflexology I found it difficult to decide on a company. As a result of this I contacted various different training academies/institutes to get all the relevant information and prices.

I was contacted by Deborah within a couple of days which was extremely helpful. Hearing of Deborah's standards of training and experience in Holistic Therapies was delighting, we started discussing my options for the training. As we needed to train 6 Therapists, the cost for external training was becoming too high, most of the courses available with other companies were up to £750 per person.

Deborah was extremely helpful and willing to help as much as she could, so we spoke about the possibility of In-House Training and she was more than happy to do so. The cost for up to 6 Therapists was £1500 which was absolutely amazing, we covered the cost for her accommodation which was no price to pay for her kindness.

After speaking to Deborah I had been given other quotes for In-House Training but these were no where as acceptable as 'The Angel Academy'. Although the price was lower than anywhere else it was in no way by standards, this made it easy to make the decision to go ahead with the training.

We booked the training for Monday 8<sup>th</sup> August, this consisted of 3days of intense Practical and Theory training. Each Therapist was supplied with 2 Manuals and a foot chart, these had all the information they would need for the course and also to support them once they were doing the treatments. Deborah was always punctual and has a lovely attitude towards the training being performed. She was soon loved by all the staff, which I feel improves the quality of learning. The certificates were given to each Therapist on completion of the 3days course, which meant we did not have to wait any longer.

Overall I am so pleased with the entire process from the enquiry to the end of the training. It was nothing short of brilliant, and I would not hesitate to recommend 'The Angel Academy' to any Salon or Spa requiring Holistic Training.
